# ABOUT US

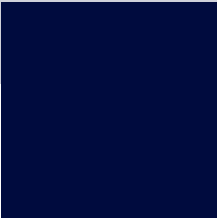

---

Submitters Charity Trust started in June 2020 during the tough times of the COVID-19 pandemic. Our trust came from a group of caring people who met online to study the Quran and decided to help others in need.

We work to create a place where everyone is treated equally, and where people have freedom and justice. We focus on protecting human rights, taking care of the environment, and making sure the economy is fair for everyone. We want to make sure that wealth is shared, everyone is treated with respect, and we all look after our planet and community.

We believe that by working together and respecting each other, we can make our community stronger and better. We help by supporting poor families, rescuing orphans, taking care of people with mental disabilities, and helping the elderly.

Through our projects, we show that it's important to care for each other and work together for a better future.

## Overview

From 2023 to 2025, we continued our commitment to supporting communities through our key programs.

In Family Assistance, we reached 40 families in 2023, 38 in 2024, and 36 in 2025. While the numbers slightly reduced, our focus stayed on helping each household overcome financial challenges and maintain stability.

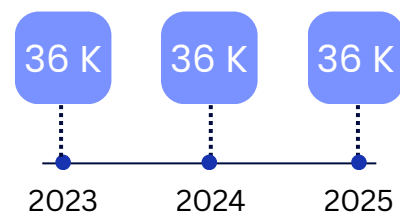

Through our partnership with the Agal Foundation, Orphans Rescue consistently saved 12 orphans each year, giving them protection, care, and a chance for a brighter future.

In collaboration with Sudar Academy, Support for the Disabled provided ₹36,000 each year to improve the lives of individuals with physical disabilities with the need of special care.

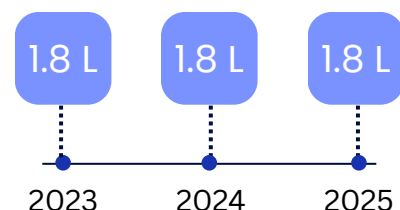

With the Nidarsanam Public Charitable Trust, Elder Care ensured ₹1,80,000 each year for elderly individuals, covering medical expenses, daily care, and necessities for comfort and respect.

Across three years, most initiatives stayed steady, ensuring those who depend on us received consistent care and support.

# STATISTICS

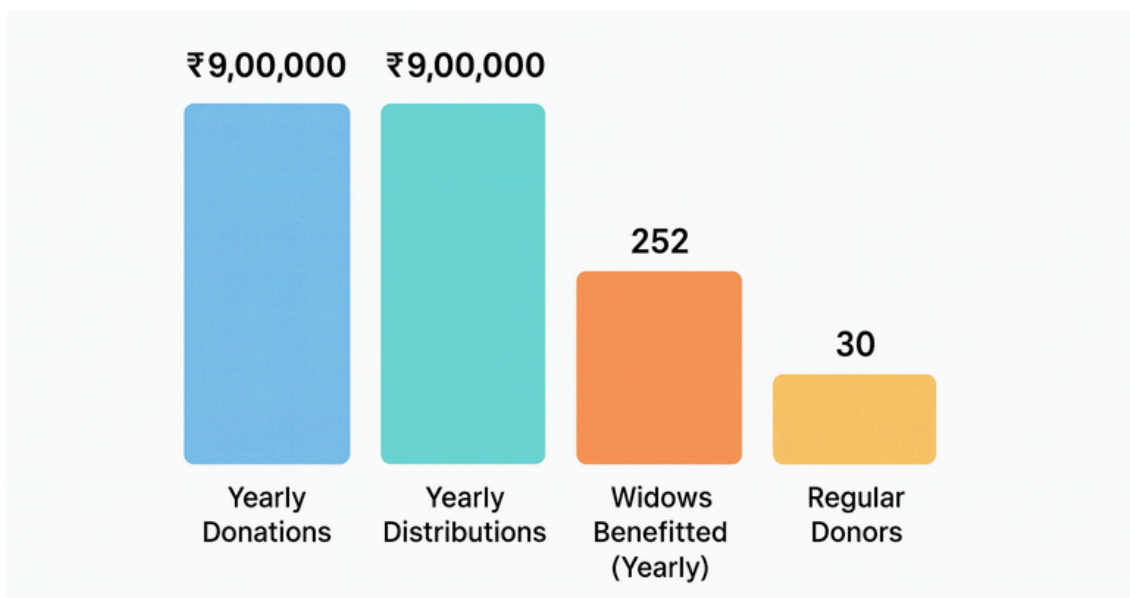

We raised ₹9,00,000 in donations this year and deployed ₹9,00,000—a 100% utilization of funds. Through our welfare program, 252 widows received support over the year (about 21 per month). Our community base includes 30 regular donors, providing stable, predictable funding.

Takeaway: Donations and distributions are perfectly balanced, with steady donor backing and consistent monthly support to widows.
